Figure 5

The diagram shows a table with five columns: 'IV Pump ID', 'Location', 'State', 'Access Point MAC Address', and 'Pump Up-Time (HH:MM:SS)'. The first two rows of data are highlighted. A button labeled 'Refresh Now' is positioned to the right of the table. Callout lines are drawn from the labels 400, 403, and 405 to specific elements: 400 points to the first data row, 403 points to the second data row, and 405 points to the 'Refresh Now' button.

| IV Pump ID  | Location | State | Access Point MAC Address | Pump Up-Time (HH:MM:SS) |
|-------------|----------|-------|--------------------------|-------------------------|
| <u>1006</u> | 3 West   | Run   | <u>00:09:CD:43:6F:3C</u> | 03:25:08                |
| <u>1022</u> | 5 North  | Hold  | <u>01:18:FE:56:8B:2A</u> | 00:35:40                |
